Richard Chute

Fort Lauderdale, FL 33324 | +1 954 479 8901 | plotbot2023@gmail.com

Professional Summary

Analytical operations leader with extensive experience in field service, inventory management, and sales. Proven success implementing data-driven processes, automating workflows, and optimizing vendor relationships to reduce costs and improve service quality. Skilled in dashboard creation, demand forecasting, compliance, and staff training, with a track record of driving operational efficiency and recurring revenue growth.

Work Experience

Owner/Operator

Blue Turtle Pool Co. | Davie, FL

March 2018 to Present

• Transformed field operations into a structured data pipeline by logging every job, part, travel leg, and incident for analysis, improving operational transparency.

• Developed daily and weekly dashboards to track utilization, response time, recurring revenue, and churn drivers, enabling data-driven decision-making.

• Designed routing and schedule rules that reduced travel time by 20%, allowing the field team to provide more detailed care using route optimization.

• Forecasted inventory and seasonal demand from historical service logs, reducing stockouts and emergency parts purchases by 30%.

• Automated recurring invoicing and reconciliation through QuickBooks and workflow automation, cutting billing time by 50%.

• Identified cost drivers and negotiated vendor terms using spend and parts-usage analysis, achieving improved vendor pricing.

• Introduced QA metrics and technician scorecards tied to repair repeat rates and customer satisfaction, increasing service quality.

• Conducted experiments on pricing and service packages, using results to refine offerings and improve conversion rates by 15%.

• Trained staff on data collection standards and tools to ensure reliable inputs for analytics, enhancing data accuracy.

• Ensured regulatory and chemical-handling compliance with tracked inspection logs and incident reports, maintaining 100% compliance.

Sales Executive

The Taverna Collection | Plantation, FL

May 2026 to July 2026

• Served as brand expert and sales executive, leveraging vehicle tech knowledge to lead test drives and qualify buyers, consistently meeting monthly dealership targets.

• Structured finance deals and arranged transport, streamlining the sales process to improve customer satisfaction.

• Managed inventory to optimize availability and support sales goals, contributing to increased monthly sales performance.

General Manager
Pool Pros of Hollywood | Hollywood, FL
May 2012 to March 2022

• Centralized order, receiving, pick/pack/ship, and inventory events into a single analytics dataset, improving process visibility.

• Developed daily KPIs for orders/hour, pick accuracy, on-time fulfillment, and inventory turns, driving operational improvements.

• Designed SKU-level demand-forecasting and automated reorder rules, reducing stockouts and emergency freight by 25%.

• Negotiated seasonal vendor buys with volume-based discount structures and early-buy incentives, lowering COGS by 10%.

• Created vendor scorecards tracking fill rate, lead time, price variance, and contract compliance, enhancing supplier performance.

• Consolidated vendors and implemented price-volume modeling to improve margin and reduce supplier count by 20%.

• Implemented PO-batching and consolidated shipments, reducing freight cost per order by 15%.

• Tracked safety and compliance for chemical handling with audit-ready logs and incident reporting, ensuring regulatory compliance.
